

Reduce what you can, balance what you can't.

CO₂-certificate

CERTIFICATE ID:

**CFS-VER-UG-100000000000300-01012017-
31122017-7696-7730-MER-0-A**

This certificate confirms the purchase
and retirement of carbon credits equivalent to

35 tons of CO₂

which will be stored by the Climate Forestation Project

KIKONDA FOREST RESERVE

situated in Uganda

on behalf of

*„Lederfabrik Heinen“ to compensate the GHG-
emissions of the upper leather production for
„Hanwag GmbH“*

global-woods 
international AG

Date of retirement: Thursday, January 27, 2011

For more information about the project visit
www.global-woods.com

TÜV SÜD evaluated the KFR-Project and found that all of the mandatory CCB-criteria had been met. The project has earned validation at the *SILVER LEVEL* in view of community and biodiversity benefits.

CCB Standards™
The Climate, Community & Biodiversity Alliance

Since November 2008, the Kikonda Forest Reserve Project has been certified under the CarbonFix Standard (CFS). This standard stands for transparency and the permanence of the carbon sink.
